

Welcome To Our Practice

We would like to take this opportunity to thank you for choosing our practice. We strive to provide you with the best dental care possible and the latest technology available. If you have any questions or concerns, please do not hesitate to ask us. We would be happy to help you in any way we can.

It is important you understand our financial policies. Payment is required the day of your appointment. We do not provide extended payment plans. It is standard to have a treatment plan and payment arrangement in place before treatment begins.

For patients with dental insurance, we will try and make the claim submission process as easy and simple as possible for you. For patients with insurance of which we are not preferred providers, or that we are unfamiliar, we reserve the right to collect our full fee prior to sending a claim. We will upon your initial visit, make every attempt to verify your coverage for you. We will file your claims and assist you in any way we can. However, our office cannot guarantee that information given to us by insurance personnel is accurate or current. This office accepts no responsibility for verification errors. It is our legal responsibility to collect the full co-pay. Insurance policies are periodically changed and it must be understood that our office does not bear the burden of cost if the patient is not satisfied with the level of their insurance coverage. We encourage you to make a personal verification and review your policy coverage.

Please sign as an indication that you understand and agree the terms explained above.
